M.S. (Gen.Surg) M.Ch (URO)  
Consultant Urologist  
Cosmopolitan Hospital, Trivandrum And  
Bishop Benziger Hospital  
Kollam.

I have had the opportunity to use the Aster Medispro, Balloon Uretric Chatheter. I have found it is absolutely useful and “Sturdy”. With one Aster Medispro Balloon Uretric Chatheter I was able to use the same chatheter for more than twenty cases and it is still going “strong”. I am very happy to endorse the quality and the sturdiness of the Aster uretral Balloon Dialater.
